```

For more information on raw mode, see the [API documentation](#).

Variations

instruct	Instruct models follow instructions
text	Text models are the base foundation model without any fine-tuning for conversations, and are best used for simple text completion.

Usage

CLI

Instruct:

```
ollama run mistral
```

API

Example:

```
curl -X POST http://localhost:11434/api/generate -d '{  
  "model": "mistral",  
  "prompt": "Here is a story about llamas eating grass"  
}'
```
