Scene Prompt

An elegant bride and groom stand outdoors, turned toward each other in a quiet, affectionate gaze. The bride wears a white lace gown with a deep V neckline, scalloped straps, and dense floral appliqué; her dark hair is styled in glossy, loose waves with small jeweled pins, and she wears long, dangling earrings. The groom is in an ivory tuxedo with a black bow tie and a boutonniere of white roses and greenery pinned to his lapel. Soft, warm light—suggestive of late afternoon—gently rim-lights their faces, while a blurred background of lush greenery keeps the focus on the couple. It's a medium, waist-up composition with a shallow depth of field and a polished, editorial feel; a small circular watermark appears near the lower left corner.<S>As my wedding gift, instead of giving me ring, just become become of Fahd's channel<E>. She lovingly looks at her husband while she speaks.<AUDCAP>Clear female voice speaking, birds chirping in low sound in background.<ENDAUDCAP>
